

MMS Conferencing & Events Ltd

**Imperial College  
London**

**AstraZeneca** 

**syngenta** 

**Young Chemists 2017 (YC17) - Friday 28<sup>th</sup> April 2017**  
*Department of Chemistry, Imperial College London, RCS 1 Bldg, LT C*

10:00 **Coffee**

10:40 **Opening remarks**, *Professor Chris Braddock, Imperial College London*

**Session 1:** *Chair: Professor Donald Craig, Imperial College London*

10:45 **Dr Richard Bourne**, *Leeds University*  
*"Self-Optimising Flow Reactors for Rapid Process Development"*

11:25 **Dr Jordi Burés**, *Manchester University*  
*"Modern kinetic analyses for catalytic reactions"*

12:05 **Dr Chris Cordier**, *Imperial College London*  
*"Cu-Acetylides in Enantioselective Catalysis: Propargylic substitutions, formal cycloadditions and sigmatropic rearrangements"*

12:45 **BREAK**

**Session 2:** *Chair: Professor Alan Spivey, Imperial College London*

14:00 **Dr Graham Pattison**, *Warwick University*  
*"New methodologies for the synthesis of partially fluorinated functionality"*

14:40 **Dr Philippa Cranwell**, *University of Reading*  
*"Inadvertently Bridging the Gap between Undergraduate Practical Classes and Organic Research"*

15:20 **Dr Vijay Chudasama**, *University College London*  
*"Technologies for Homogeneous & Versatile Protein Modification (especially antibodies)"*

16:00 **BREAK**

**Session 3:** *Chair: Professor Phil Parsons, Imperial College London*

16:40 **Keynote Speaker: Professor John Murphy**, *University of Strathclyde*  
*"Redox Processes with Organic Reagents"*

17:45 **Wine reception**
